Name of Applicant: _____

Address: _____ Telephone: _____

Service Requested (# of Meters): _____ Meter Size Requested: _____ Investigation Fee: \$ _____

Description of location to be served: _____

A copy of a current survey or County Appraisal District Property ID number is required.

The APPLICANT and MUSTANG VALLEY WSC hereby request that a service investigation and written report be prepared by the systems ENGINEER to assure that the service request for new meter(s) can be supported by the existing water system or identify the need, if any, for system improvements necessary to serve the applicant's meter(s). The applicant agrees to pay the fee shown below in advance, which is non-refundable for the water service investigation including, but not limited to engineering and computer hydraulic analysis. Any added cost and time, to determine system physical upgrades and engineer's opinion of cost to construct, will be in addition to these fees at the applicant's expense. Engineer can provide a separate proposal for these services at MVWSC's request. This is not a Water Service Agreement; it is only an application for the service investigation.

A road bore may be required to provide service. The APPLICANT/CUSTOMER will be required to pay all fees associated.

A time of two (2) weeks from the date the request is received by the ENGINEER should be allowed for the investigation and mailing the report.

APPLICANT requesting EMERGENCY three (3) day service investigation shall be charged two (2) times the amount shown below and shall initial here. _____
